

The Moderator ring sizer

Give two fingers to your habits!

How to measure your Moderator ring size:

1. Please note that your Moderator ring size is completely different to your usual ring size (if known).
2. The first thing you will need to do is to print out this document at 100% (actual size). When printing, ensure that you do not select the option to 'fit to page' or 'shrink to fit'.
3. Measure the outer box and ensure that it is 170mm by 50mm.
4. Cut out the sizer and make a slit where shown.
5. Push the end through the slit to create a loop and then slip it over your **middle finger to just above the knuckle** (as pictured below).

6. Adjust the sizer so that it sits comfortably but snugly around your finger, just above the knuckle.
7. Look at which letter the arrow points to on the sizer (XS, S, M, L or XL) to determine which Moderator ring size would fit you best. (XS = Extra Small; S = Small; M = Medium; L = Large; XL = Extra Large).

To order:

1. Visit www.themoderator.co.uk to purchase your moderator ring. Rings are available in four sizes and a range of colours.

2. For more advice or information, please visit:
